PUBLIC NOTIFICATION

Southern California Edison (SCE) Construction Activities

Helicopter Operation and Brief Traffic Interruptions: South El Monte / Whittier Narrows Recreation Area (Santa Anita Avenue and Durfee Avenue)

Notification Date: January 8, 2013

Activity:

Southern California Edison (SCE), as part of its Tehachapi Renewable Transmission Project (TRTP), will be installing new electrical transmission wires (500 kilovolt) on transmission structures in the utility right-of-way corridor.

Helicopter operation: This will include the use of a small helicopter to position equipment and personnel. There will be periods when the helicopter will hover in the project area to perform these activities.

Traffic interruptions: There will be periods of brief traffic interruptions during this work to ensure the safety of the public and project personnel:

- On **Santa Anita Ave.** south of the Pomona Freeway (60), and;
- On **Durfee Ave.**, west of Santa Anita Ave.
- Each periodic traffic interruption may be **three (3) to five (5) minutes** in duration, under approval and in coordination with local jurisdictions.
- A combination of traffic control signs and crew members with flags will be used during the entire wire installation process to ensure vehicle and pedestrian safety

When:

Monday, January 21 through Saturday, February 2, 2013.

Approximately between 7:00 a.m. and 7:00 p.m. NOTE: While project personnel will be within the project area during these hours, **the helicopter operation will only occur during daylight hours.**

(This schedule is subject to change pending weather or other factors)

Where:

In the Whittier Narrows Recreation Area south of the Pomona Freeway (60), both east and west of Santa Anita Ave. and north and south of Durfee Ave. **See map below.**
